

## LÖNNSTRÖM ART MUSEUM EXHIBITION 2014

A retrospective exhibition of work by painter **Esko Tirronen** (1934–2011) will open in the Lönnström Art Museum on 18 January 2014, presenting the entire arc of his artistic output. Tirronen is known particularly for his informalist paintings and spray-painted sensual female figures. The exhibition is produced by the Kouvola Art Museum Poikilo.

The summer exhibition in the Lönnström Art Museum will focus on contemporary art from the Satakunta province. Entitled ALUE ('Region'), the show will also include some works that are exhibited outside the museum in its vicinity. The featured artists are **Carita Ahlqvist, Pavel Ekrias, Kirsi Jaakkola, Ari Koivisto, Kirsi Kuusisto, Marko Lampisuo, Toni Lehtola, Laura Lilja, Hanna Luukkonen, Sanna Pajunen, Paavo Paunu, Anne Salmela, Janne Salmalmaa, Päivi Setälä, Henna Tyrväinen, Jenni Uusitalo**, and the artist duo **Helena Laine and Nina Pörn**. The ALUE exhibition is produced in cooperation with the Pori branch office of the Arts Promotion Centre Finland.

In the autumn, it is time to dream in the Lönnström Art Museum. The Dream exhibition will involve both artists and audiences to discuss the meaning and significance of dreams, how they can be made to come true or whether they should be left as they are, just dreams.
